

PLEASE PRAY FOR THE SUNDAY SCHOOL

Will you pray for our children's protection and growth – spiritually, physically and mentally? The following are some ideas you could use as you pray for a specific child or children.

- *that they will commit their lives to Jesus while they are still young and establish their true identity in Him.*
- for the family and for a loving and stable relationship at home.
- that parents will be wise and consistent in discipline.
- that they will be kept in good physical health and safety.
- *that they will be firmly grounded in God's word.*
- *that they will learn to be content with what they have materially.*
- that they will understand what sin is and how to deal with it.
- that they will not be deceived by half-truths and the fear of being different.
- *that they will develop godly standards.*
- *that they will develop a healthy sexuality and be able to discuss issues with parents and / or a trusted adult.*
- that they will have courage to resist destructive temptations.
- that they will know how to claim their position in Christ as overcomers and children of the King.
- *for their school, teachers, friends and peer group.*
- *for the friendships they will make in the future.*
- *that they will gradually discover God's plan for them.*
- *that, in Him alone, they will know inner peace and joy and freedom from guilt.*
